# UNISON Learning Grants

## For CARE WORKER MEMBERS who provide social care in residential homes or individual's own homes

We know how difficult it is to afford training to improve your job prospects due to huge increases in course fees and the withdrawal by many employers of financial support for career development.

Members who provide social care in residential homes or individual's own homes make up an increasing proportion of UNISON's membership. To help you get on at work and develop your career, UNISON is offering targeted learning grants to this group of members. **A limited number of awards of up to £300 each** are offered to help towards course fees.

Grants are offered on a first-come, first-served basis until funding is spent and can be used for a wide range of courses. They can help pay for fees on any general non-vocational course (e.g. IT courses, skills training, languages etc.), any vocational course relevant to working in public services (e.g. counselling, accountancy and management courses would be supported but not beautician training or electronic engineering!). Eligible courses are those at all levels up to and including under-graduate level but not masters.

We will give preference to members with few or no qualifications when allocating these awards. We are especially keen to hear from members who are active in their branch, however applications are welcomed from all members who deliver social care in residential homes or in individuals' homes.

### Am I eligible?

**In addition to the conditions mentioned above, the following also apply for receipt of a learning grant:**

1. You must be a member of UNISON for at least 4 weeks prior to applying for an award, have no arrears of subscriptions, and continue to pay membership subscriptions during the time you are supported by an award.
2. Each member can only receive one learning grant in each calendar year, up to a maximum of four grants.
3. Grants will be made at the discretion of the NEC Development & Organising Committee.
4. The course you wish to study must start in 2018.

5. You usually need to be paying the full course fee yourself to be eligible for this grant, however some exceptions may apply. (If you have a query on this please contact [LearningAndOrganising@unison.co.uk](mailto:LearningAndOrganising@unison.co.uk))

## FORM FOR PAYMENT TO MEMBERS BY BACS

**NB MEMBERS:** To keep your bank details secure, print and complete this page by hand. DO NOT INCLUDE this when passing your bursary application to your branch for approval/signature. Send it to UNISON Learning and Organising, 130 Euston Road, London NW1 2AY.

The Union's preferred method for paying bursaries is to transfer money direct to members' bank accounts by BACS. This avoids the risk of cheques being lost or delayed.

Payments are processed on a weekly basis and members will be sent a remittance advice showing details of payments. This will be sent by email where possible to keep costs down.

So that we can process any payment due to you via the BACS system, please complete the form below and return it to **UNISON Learning and Organising Services, UNISON Centre, 130 Euston Road, London NW1 2AY.**

### UNISON's Education Partnerships

UNISON works with a range of educational providers including the National Extension College (NEC). The NEC offers second-chance learning to people for whom attending regular classes at a school or college would not be possible. UNISON members can claim 10% discount on all NEC courses.

The NEC delivers its courses by distance learning. These include GCSEs and 'A' Levels, and qualifications in childcare and early years. CACHE accredited courses in Supporting Teaching and Learning are also available.

**FREE Taster:** To help you find out whether distance learning courses are for you, the NEC is offering UNISON members a free taster course, 'Children's Growth and Development'.
