Would a UNISON Learning Grant help?

UNISON Learning Grants

for School Support Staff Members

We know how difficult it is to afford training to improve your job prospects due to huge increases in course fees and the withdrawal by many employers of financial support for career development.

Our Schools Support Staff members make up an increasing proportion of our union's membership. To help you get on at work and develop your career, UNISON is offering Learning Grants for Schools Support Staff. **A limited number** of awards of up to £300 each are offered for course fees.

Grants are offered on a first-come, first-served basis until funding is spent and can be used for a wide range of courses. They can help pay for fees on any general non-vocational course (e.g. IT courses, skills training, languages etc.), any vocational course relevant to working in public services (e.g. counselling, accountancy and management courses would be supported but not beautician training or electronic engineering!). Eligible courses are those at all levels up to and including under-graduate level but not masters.

We will give preference to members with few or no qualifications when allocating these awards. We are also keen to hear from members who are active in their branch. However applications are welcomed from all Schools Support Staff members.

Am I eligible?

In addition to the conditions mentioned above, the following also apply for receipt of a learning grant:

1. You must be a member of UNISON for at least 4 weeks prior to applying for an award, have no arrears of subscriptions, and continue to pay membership subscriptions during the time you are supported by an award.
2. Each member can only receive one learning grant in each calendar year, up to a maximum of four grants.
3. Grants will be made at the discretion of the NEC Development & Organising Committee.
4. The course you wish to study must start in 2018.
5. You usually need to be paying the full course fee yourself to be eligible for this grant, however some exceptions may apply. (If you have a query on this please contact LearningAndOrganising@unison.co.uk)

How do I apply?

- ❖ Complete and sign the application form and the BACS form.
- ❖ Copy the receipt for your payment to your course provider and/or your student finance agreement.
- ❖ Give the application form to your branch* and ask them to complete section 2 (payments may be delayed if this section is blank when received by the Bursaries administrator as the forms have to be sent back to the branch).
- ❖ Ask the branch to send the application form back to the address on the form
- ❖ (it can also be scanned & emailed).
- ❖ Return your completed BACS form and the proof of payment direct to the Bursaries administrator.

* If you are unsure of your branch please contact Unison Direct on 0800 0847 847

Forms must reach us by **31st August 2018**. We will consider all applications on that date so that grant criteria can be applied fairly. We will let all applicants know the outcome very shortly after that date.

Please note that we cannot process the application until we have received the signed application form (both sections 1 & 2), your proof of payment and your BACS form.

UNISON works with a range of educational providers including the National Extension College (NEC). The NEC offers second-chance learning to people for whom attending regular classes at a school or college would not be possible. UNISON members can claim 10% discount on all NEC courses.

The NEC delivers its courses by distance learning. These include GCSEs and 'A' Levels, and qualifications in childcare and early years. CACHE accredited courses in Supporting Teaching and Learning are also available.

FREE Taster: To help you find out whether distance learning courses are for you, the NEC is offering UNISON members a free taster course, 'Children's Growth and Development'.
